Changing your e-mail password

1. Log on to your webmail. Depending on your email address, this will be either
   http://webmail.cbits.net
   or
   http://webmail.cbitsnet.com

   If you have a domain hosted with us, it will be
   http://webmail.yourdomain.com
2. In the bottom part of the page it will say "Change Password?". Click on that link.
3. Enter your full email address and your new password twice. Then click on "Change!".

4. If you use desktop email clients (e.g. Outlook, Thunderbird etc.), you will need to change the settings in these programs (see the relevant "HowTo"s).
